INGREDIENTS

Geraniol
A natural substance from plant oils. Known for its repellent effect on flies and insects.

Composition:
Water, alcohol, geraniol, additives (emulsifiers, preservatives)

TYPICAL STRESS FACTORS & PROBLEMS

- Flies and horse flies can severely bother and stress horses.
- Constant biting can cause restlessness, skin irritation, and discomfort.
- Especially during the summer months and when turned out in the pasture.
- Repelling insects helps improve your horse's well-being and performance.

APPROVAL & SAFETY

BfR Registration Number:
N-121066

Use biocidal products with caution. Always read the label and product information before use. Keep out of reach of children.

FLIESPRAY FOR HORSES

FREQUENTLY ASKED QUESTIONS (FAQ)

The fliespray with Geraniol offers a quick and reliable solution for repelling annoying flies and insects – ideal for horses in the stable, in the pasture, and on the go.
For more well-being and undisturbed moments.

HOW DOES THE FLIESPRAY WORK?
The spray contains Geraniol, which effectively repels flies and insects. The natural active ingredient disrupts the orientation of the flies and keeps them away.

WHICH FLIES & INSECTS IS THE SPRAY SUITABLE FOR?
Ideal against gadflies, stable flies, houseflies, forest files, mosquitoes and other annoying insects.

CAN I USE THE SPRAY ON YOUNG HORSES?
Yes, the spray can also be used on foals and young horses. Avoid the eyes, mouth and open wounds.

HOW OFTEN SHOULD I APPLY THE SPRAY?
As needed. In case of a high incidence of flies, we recommend reapplying the spray every 4–6 hours.

HOW LONG DOES THE EFFECT LAST?
The effect lasts for several hours, depending on the weather, sweat and the horse's activity. Simply reapply if necessary.

CAN I USE THE SPRAY IN ALL WEATHERS?
Yes, the spray is effective in sunny as well as lightly damp weather. Reapply after heavy rain.

CAN I USE THE SPRAY UNDER THE SADDLE?
Yes, the spray is suitable for the entire body. Let the saddle area dry well before saddling.

IS THE SPRAY SUITABLE FOR SENSITIVE HORSES?
The spray is well-tolerated and contains no aggressive chemicals. For sensitive horses, we recommend testing a small area.

DOES THE SPRAY LEAVE STAINS ON THE COAT OR EQUIPMENT?
When used properly, the spray generally does not leave stains. Avoid direct contact with synthetic materials and leather.

IS THE SPRAY SUITABLE FOR RIDERS AND HUMANS?
The spray was specifically developed for horses. For humans, we recommend a separate insect repellent.

IS THE SPRAY ENVIRONMENTALLY FRIENDLY?
Yes, the spray contains Geraniol, a naturally derived active ingredient, and is biodegradable when used properly.

SERVICE & SAFETY INFORMATION

SAFETY INFORMATION:

NOTES:

- **Shake well before use:** As the spray contains natural oils, ingredients may settle. Use only a well-mixed product.
- **Do not use in direct sunlight:** Ideally apply in the early morning or late evening to prevent surface discoloration or damage to plants.
- **Test on a small, inconspicuous area first:** First try the product on a hidden area and wait 24 hours.
- **Keep out of reach of children and pets:** Even though it is plant-based, avoid contact with eyes or mouth.
- **Store in a cool, dry, and light-protected place:** Ideal storage temperature: 10–20 °C (50–68 °F). Protect from frost and direct sunlight.
- **Do not allow it to enter water bodies:** The product must not enter ponds, aquariums, or drains.
- **Use protective gloves:** Wear gloves when spraying and, if necessary, safety goggles, especially for frequent or large-scale use.
