

PRODUCT GUIDE & DIRECTIONS FOR USE

GREEN GUARDIA POWER MOTH SPRAY, 500 ML

TARGET PESTS:

PANTRY MOTHS

- Indianmeal moths
- Flour moths
- Warehouse moths
- Cocoa moths

CLOTHES MOTHS

- Clothes moths
- Fur moths

Reliably protects food supplies and textiles from moth infestation—for kitchens, pantries, wardrobes and more.

APPLICATION:

1 SHAKE

Shake the bottle well before use.

2 SPRAY

From a distance of approx. 20 cm, spray directly onto moths, their nests, routes and infested areas.

3 REPEAT

During the first few weeks, repeat every two days.

AREAS OF USE:

KITCHENS & PANTRIES

Spray shelves, cupboards, food-storage containers and corners.

WARDROBES & DRESSERS

Spray floors, back panels, drawers and textiles.

DRAWERS & STORAGE BOXES

Suitable for drawers, boxes, storage containers and baskets.

TEXTILES & FABRICS

Spray carpets, curtains, upholstered furniture and other fabrics.

HARD-TO-REACH AREAS

Spray corners, behind furniture, under shelves and in concealed areas.

BENEFITS:

- ✓ Immediate and effective action
- ✓ With geraniol—a naturally derived active ingredient
- ✓ For indoor and outdoor use
- ✓ Fast and reliable
- ✓ Easy to use
- ✓ Suitable for kitchens, pantries and textiles

IMPORTANT INFORMATION:

- Do not spray directly onto food.
- Test on an inconspicuous area before use.
- Avoid contact with eyes and mucous membranes.
- Keep out of reach of children and pets.
- Use only in well-ventilated rooms.
- Repeat regularly for heavy infestations.
- Store in a cool, dry place away from light.

USE BIOCIDAL PRODUCTS WITH CARE.

PRODUCT GUIDE & DIRECTIONS FOR USE

PRODUCT NAME:

GREEN GUARDIA POWER MOTH SPRAY, 500 ML

PROTECTION AGAINST PANTRY AND CLOTHES MOTHS

PANTRY MOTHS

Protects food supplies in kitchens, pantries and cupboards

CLOTHES MOTHS

Protects clothing, wool, carpets and textiles in wardrobes

To conserve resources, we use one standard bottle ("Pest Defence Spray") for all variants. Depending on the order, the appropriate repellent concentrate for the specific pest is filled into the bottle.

PRODUCT DESCRIPTION:

OVERVIEW:

Green Guardia Power Moth Repellent Spray provides reliable protection against pantry moths such as the Indianmeal moth, flour moth and cocoa moth, as well as clothes moths. Its innovative formula with natural ingredients and essential oils effectively repels moths and helps prevent reinfestation—ideal for kitchens, pantries, wardrobes, drawers and textiles.

WHAT IS POWER MOTH REPELLENT CONCENTRATE?

Green Guardia Power Moth Repellent Concentrate combines an innovative active formula made from natural plant extracts and essential oils. It starts working immediately, repels moths reliably and provides lasting protection—without synthetic insecticides.

INGREDIENTS:

Water, alcohol, neem oil, citronellal, geraniol, auxiliaries (emulsifiers, preservatives)

AREAS OF USE:

- Kitchens, pantries, shelves
- Wardrobes, drawers, storage boxes
- Textiles, carpets, upholstered furniture
- Pantries and storage rooms

BENEFITS:

- Immediate and effective action
- With geraniol—a naturally derived active ingredient
- For indoor and outdoor use
- Fast and reliable
- Easy to use

**USE BIOCIDAL PRODUCTS WITH CARE.
ALWAYS READ THE LABEL AND PRODUCT INFORMATION BEFORE USE.**

BAuA registration number: N-121072

Product type: PT 19 – Repellents and attractants

DIRECTIONS:

Shake well before use.

Spray affected surfaces from a distance of approx. 20–30 cm.

Allow to act briefly—no further treatment required.

Ventilate rooms well and apply regularly.

Repeat as needed.

FAQ – FREQUENTLY ASKED QUESTIONS

GREEN GUARDIA POWER MOTH SPRAY, 500 ML

Here you will find the most important answers about the use, effectiveness and safety of our moth repellent spray.

1. WHICH MOTHS DOES THE SPRAY WORK AGAINST?

The spray is specially formulated for pantry moths (Indianmeal moths, flour moths, warehouse moths and cocoa moths) and clothes moths, including fur moths.

2. HOW DOES THE MOTH SPRAY WORK?

The innovative formula with naturally derived geraniol and essential oils immediately repels moths and provides lasting protection against reinfestation.

3. IS THE SPRAY SAFE FOR FOOD-STORAGE AREAS?

Yes, when used as directed. Do not spray directly onto food; apply it to surfaces where moths may occur.

4. WHERE CAN I USE THE SPRAY?

In kitchens, pantries, cupboards, shelves, wardrobes, drawers, storage boxes, textiles, carpets and other infested or vulnerable areas.

5. HOW DO I APPLY THE SPRAY CORRECTLY?

Shake the bottle well, then spray directly onto moths, nests, routes and infested areas from a distance of approx. 20 cm.

6. HOW OFTEN SHOULD I APPLY THE SPRAY?

During the first few weeks, apply every two days. For heavy infestations, repeat regularly to ensure lasting protection.

7. HOW QUICKLY DOES THE SPRAY WORK?

It starts working immediately after application. Moths are effectively repelled and egg-laying is reduced.

8. DOES THE SPRAY CONTAIN CHEMICAL INSECTICIDES?

No. The spray is based on plant-derived ingredients and essential oils. It contains no synthetic insecticides.

9. IS THE SPRAY SUITABLE FOR CHILDREN AND PETS?

When used as directed and once dry, it is safe around children and pets. Avoid direct contact during application and ventilate rooms well.

10. CAN I ALSO USE THE SPRAY ON CLOTHING?

Yes. Test on an inconspicuous area first. Do not use on silk or delicate fabrics. Allow items to dry completely before use.

11. HOW LONG DOES THE SPRAY PROVIDE PROTECTION?

Protection lasts for several days. Regular application provides reliable, long-lasting protection against moth infestation.

12. ARE THERE ANY SIDE EFFECTS OR ODOURS?

The spray has a pleasant, natural scent from essential oils and leaves no unpleasant residue.

OUR PROMISE:

GREEN GUARDIA stands for high-quality, effective and safe products—for a moth-free home and the protection of your food supplies and textiles.

SERVICE & SAFETY INFORMATION

FOR SAFE & SUCCESSFUL USE

SAFETY INFORMATION

SHAKE WELL BEFORE USE:

As the spray contains natural oils, ingredients may settle.
Use only when thoroughly mixed.

DO NOT APPLY IN DIRECT SUNLIGHT:

Ideally apply early in the morning or late in the evening
to avoid discolouration of surfaces or damage to plants.

TEST ON DELICATE SURFACES BEFORE USE:

Spray an inconspicuous area first and
wait 24 hours.

KEEP OUT OF REACH OF CHILDREN AND PETS:

Although plant-based, contact with
eyes or mouth should be avoided.

STORE IN A COOL, DRY PLACE AWAY FROM LIGHT:

Optimal storage temperature: 10–20 °C.
Protect from frost and direct sunlight.

DO NOT ALLOW TO ENTER WATERWAYS:

Do not allow the product to enter
ponds, aquariums or drains.

PROTECTIVE GLOVES RECOMMENDED:

Wear gloves and, if necessary, safety glasses when spraying,
especially during frequent or large-area use.
